

Obesity Anaesthesia Research Forum - at Euroanaesthesia 2024, Munich

6:30pm Friday 24th of May 2024

Join us in Munich for an evening of cutting-edge research presentations in Bariatric and Obesity Anaesthesia, of current controversies in the best peri-operative care of these patients, and networking with your peers.

Trainee Abstract Competition - €500 / €300 / €150 prizes!

- We accept submissions of any obesity anaesthesia abstract from the previous 18 months (see website for details). The best six will be presented live and discussed

Three vigorous and high-level Pro-con debates!

- TIVA in bariatrics? - Volatile anaesthesia is still best for my patient!
- GLP agonists in pre-op weight reduction are the way forward
- Intubation remains the default airway in laparoscopic bariatric surgery

Followed by Buffet Supper & Networking

Registration: €75-€95 (Trainees & Members of ESPCOP/SOBA reduced rate)
Details & register at www.espcop.eu Don't miss out!

Research Forum: Approved for 2.5 CPD points by the UK Royal College of Anaesthetists
